

HOW TO CALCULATE: Housing Demographics Using Fact Finder

To calculate recreational housing you will need
Fact Finder's **Table QT-H1** from the 2010 Census

Recreational Housing

Step 1: Begin at the [American Factfinder main page](#). In the **Topics** search window, enter in recreational housing. (You can also find your specific community by entering the name in the **State, County or Place** search window.)

The screenshot shows the American Factfinder website interface. At the top, there is a navigation bar with 'MAIN', 'SEARCH', 'WHAT WE PROVIDE', and 'USING FACTFINDER'. Below this, there is a 'Your Selections' section which is currently empty. A search section titled 'Search using the options below:' includes several categories: 'Topics' (selected), 'Geographies', 'Race and Ethnic Groups', and 'Industry Codes'. The 'Topics' search window is active, showing a search field with 'recreational housing' entered, a 'state, county or place (optional)' dropdown, and a 'GO' button. A warning message states: 'American FactFinder works with Mozilla Firefox 3.6 and Microsoft Internet Explorer 7. Other browsers may not perform as expected.' Below the search field, there are radio buttons for 'topics', 'race/ancestry', and 'industries', with 'topics' selected. A 'Quick Start' section below the search field says 'Enter search term(s) and click 'GO'' and 'Or use the options on the left to begin your search'. At the bottom, there is a 'News and Notes' section.

NOTE: There are several ways to obtain this data from American FactFinder. This is one method.

Here is the 2010 data. I suggest **downloading** the data to Excel™ or other spreadsheet program to facilitate the calculations. Or, you can do the calculations manually.

The screenshot shows the U.S. Census Bureau FactFinder interface. The page title is "Results - Click Back to Search to select other tables or geographies". The table is titled "General Housing Characteristics: 2010" and "2010 Census Summary File 1". The "Actions" menu includes "Modify Table", "Bookmark", "Print", "Download", and "Create a Map". A yellow highlight is placed over the "Download" button. A note below the table states: "This table is displayed with default geographies. Click Back to Search to select other geographies using the search options on the left." The table shows data for "OCCUPANCY STATUS" and "TENURE" for the "United States".
